

**Big Tom spiced tomato juice £2.29**

Talk about spicy! I can spend ages mixing Bloody Marys – I put in too much Worcestershire sauce, then have to top up with tomato juice, then it isn't spicy enough. Well, here is the Bloody Mary miracle worker. The tomato juice base is sweet and full-flavoured and 20 spices have been added for a glorious celery-fresh mouthful (although I'll still be adding my signature dash of dry sherry). Good for diet days, too.
